

To the Occupant

22 September 2025

Dear Resident/Occupant,

**PROPOSED RAISED PEDESTRIAN CROSSINGS
PARRAWEE STREET AND WINNIE STREET, CREMORNE**

Council is planning to install two raised pedestrian crossings at the intersection of Parrawee Street and Winnie Street, Cremorne. This project was identified as a medium-term action in Council's 2019 Local Area Traffic Management (LATM) Plan for Zone 5, in response to community concerns about vehicle speeds and the need for safer, more accessible pedestrian crossings.

The proposal includes raised crossings on the eastern and northern sides of the intersection, with extended kerbs to improve pedestrian visibility and reduce crossing distances. To accommodate these safety improvements, one (1) on-street parking space on the eastern side of Winnie Street and approximately four (4) on-street parking spaces on the western side will be removed. Approximately two (2) of the western spaces are currently signed as 2-minute drop-off/pick-up zones. Observations during peak school periods showed that in the afternoon peak, no drivers used the pick-up spaces, and in the morning peak only one (1) drop-off occurred.

The project will require tree removal. On the northern side of the proposed crossing, two (2) trees will be removed, and on the southern side, three (3) trees in poor condition will be removed. All removed trees will be replaced with new species as advised by Council's Tree Management team.

The proposed improvements aim to enhance pedestrian safety, increase visibility between approaching drivers and crossing pedestrians, and help reduce vehicle speeds. A sketch of the proposed changes is provided within.

To provide feedback on the proposal please complete the attached feedback form, and return it to Council by **Friday, 31 October 2025**. Or you may complete the feedback online at <https://yoursay.northsydney.nsw.gov.au/traffic-surveys>.

Please note: This is not a voting form. Your feedback will help Council understand whether the proposal can be improved to better meet our safety objectives and encourage more people to walk. All submissions will be considered; however, individual responses will not receive a reply.

For further information, please contact Council's Traffic & Transport Operations Department on 9936 8100 or yoursay@northsydney.nsw.gov.au.

Yours faithfully,

Pragya Sharma
TRANSPORT ENGINEER
